ASSEMBLY TIPS

Please remove the transport packaging and check that your sauna has been delivered complete and undamaged before starting assembly. At least two people are needed to assemble the sauna.

ASSEMBLY STEPS

1. Bottom

2. Back plate

3. Left side - fasten the buckles

4. Right side - fasten the buckles

5. Front panel of the bench - insert into the grooves

6. Bench

7. Landing

8. Ceiling panel - pull the cables from the side through the holes in the ceiling panel

*after installing the ceiling, connect the electrical components as described in the paragraph "Connecting the electrical components"

11. Handle and front panel with glass.

Note: Insert the side glass panels by slightly lifting the roof panel. Push the glass panels into the grooves.

Finally, screw the glass door onto the hinges and attach handle. See "Hinges, Handle and Cover Installation"

10. Cover plate

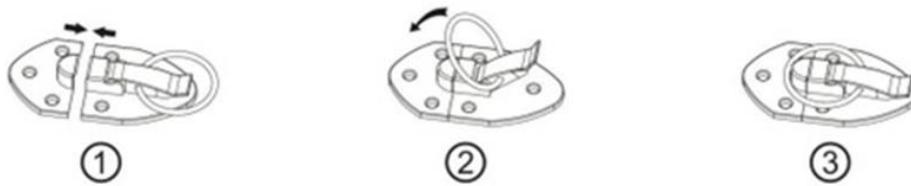

11. Heater frame

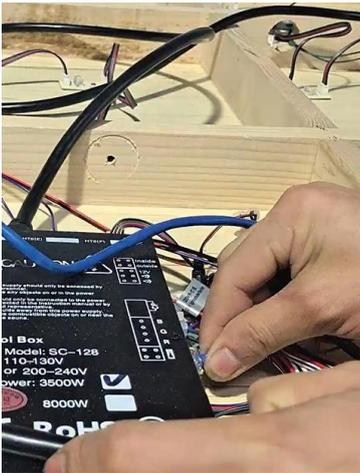

12. Assembled sauna

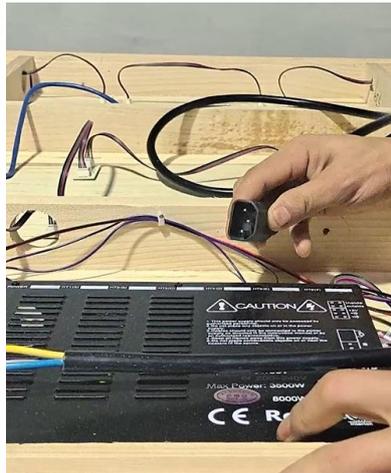

Installing the outer buckle

Connecting electrical components

1. Connect the blue UTP cable from the control panel to the sauna control unit.

2. Connect the power cables between the control unit and the stove.

Installation of hinges, handle and cover

1. Install the hinges - the soft parts should be next to the glass, on the inside of the hinges

2. Install the handle, screws from the inside of the sauna.

3. Install the cover plate
